PITTSBURGH AREA CHAPTER

Pittsburgh Area Chapter, ACI  
INTERNATIONAL AWARDS

These awards recognize chapters that have attained the highest level of achievement in chapter activities.

We take exceptional pride in having reached these levels of accomplishment.

Our chapter has been a recipient of the following awards.

*~ Outstanding Chapter Award ~*

*2002 • 2003 • 2005  
2006 • 2008*

*~ Excellant Chapter Award ~*

*2009 • 2010*

INTRODUCTION

The theme of The American Concrete Institute (ACI) International, "Progress through Knowledge" has inspired the members of the Pittsburgh Area Chapter to work toward a more informed industry for over 40 years. The chapter was founded in 1962 by a group of dedicated people led by Art Livingood, Andy Fertal, and Bob Zerns. Their vision has helped influence the shape of concrete construction in Pittsburgh as well as the tri-state area.

In the early years, the Pittsburgh Area Chapter ACI involved itself with the architectural community and presented many awards to projects of concrete construction.

Our chapter regularly sponsors ACI Educational Seminars dealing with design of concrete, concrete materials and concrete construction practices and has introduced many new technologies to the Pittsburgh Area.

In recent years, we have concentrated on education and have been heavily involved with the ACI CERTIFICATION programs. Since 1984, we have held training/examination courses for ACI Concrete Field Testing Technician - Grade 1. Every year, hundreds of technicians are certified through this program. The chapter also conducts certification programs and examinations for Concrete Flatwork Finishers and Technicians and Concrete Strength Testing Technicians. Our education committee has worked hard to continue these programs and will continue to offer additional ACI certification and seminar programs in the future.

The Pittsburgh Area Chapter continues to grow and we would like to thank those who have supported us. We extend a special thanks to our sustaining and corporate member companies who have made it possible to achieve this success. We hope that this directory will serve as a reference tool for your "Progress through Knowledge."
